MAJOR POLICY SUMMARIES

The policy summaries contained in this brief are those which the College regards as being of high importance for all students in the College. The detailed versions of these policies are available on the College Intranet. Only the detailed versions should be relied on for accurate and full interpretation. These summaries are intended to give guides to the general intent and content of those policies which are subject to change from time to time.

The eight policies referred to here are:

- Publication of Student Photos and/or Names
- Child Protection Policy: Key points, including consequences
- Drug and Substance Abuse Policy
- IT Acceptable Use Policy
- Harassment Policy
- Credit Policy
- Admissions Policy
- Statement of Faith

Parents are required to signify in writing at the appropriate place in this enrolment package that they have read and understood these policy summaries, and that they will support the College in its adherence to them. Students, from Year 7 up to Year 12 are regarded as being knowledgeably bound by them, on the assumption that their parents will have discussed the policies with them. Students in Years Prep to 6 are also bound by the policies, but allowances may be made in regard to their age and maturity in their understanding of them.

I / We have read the policy summary above _____

Publication of Student Photos and/or Names

In the course of the typical range of school activities, images of students i.e. photographs or video footage is often taken by the College Staff. During the course of each year, these images may be used for a variety of purposes including College newsletters, media releases, general College publications, for public display using electronic media, presentation evenings, class use etc. These images may also utilize various media and formats in their presentation including social media sites. Where students are posed specifically for the marketing images, parents will be contacted in advance and given the opportunity to opt out.

Images of students may include the name of the student e.g. the name and photo of a student who has won an award may be included in the College newsletter or appear on the College website and associated sites such as the College facebook page and twitter posts and alike. Video footage may be used for public presentations. Media reports may be published in the local press or television of school activities, and so on.

Child Protection Policy: Key points, including consequences

Any form of abuse of students at Parklands Christian College will be treated very seriously, but sexual abuse will receive instant and persistent attention from the highest levels of the College authorities until the matter is resolved.

The College will appoint two Protection Contact Officers to act as the first point of contact for a complaint of sexual abuse.

Allegations of sexual abuse will receive independent investigation from senior staff and the College will meet its obligations by law in reporting to relevant authorities.

The Principal is required to ensure that due process is being observed and that no person's reputation or safety is unfairly placed in jeopardy as a result of the investigation.

The Principal is required to ensure that parents of a student who may have been abused are notified early in the process of investigation and that they are kept informed during the process.

The College will dutifully follow all processes as required by law, and the rules of the Board of Teacher Registration.

The College will attempt to protect the reputation of all concerned until the matter is proven one way or another, including both the child/ren and all adults. Once a case is legally proved, however, the College will not attempt to protect any guilty parties.

I / We have read the policy above _____

I / We have read the policy above _____

Credit Policy: Key points, including consequences

All fees and levies must be paid as and when they fall due. Where you have difficulty meeting this debt by the due date, it is your responsibility to contact the Accounts Officer to arrange a mutually acceptable payment schedule.

Parents wishing to withdraw their child/ren from the College must give at least 2 week's notice prior to the last day of their child's attendance. Failure to do so will render them fully liable to one full month's fees and levies in lieu of notice.

It is a requirement of enrolment that a Direct Debit is completed.

Policy for Admissions (including waiting lists)

The College looks at many different factors when choosing to admit a child into the College. We aim to assess what the College can offer each student as well as what each student can contribute to the school. Admissions policy is applied with reference to existing obligations under current relevant legislation.

Without in any way limiting relevant criteria (but subject to our obligations at law) the College may look for attributes such as:

- The support of the College's goals and mission by the parents and child, in particular the commitment to active Christian faith and attendance of a Christian church'
- The current enrolment of siblings in the College
- The previous enrolment of siblings or parents in the College
- The personality and attitude of the child
- The interests of the child
- Scholastic ability
- Musical ability
- Sporting ability
- Ability of the child to fit into school life

All these factors and many more are weighed up when considering an admission. The College is confident of its selection criteria and values the culture and character that it brings to the school.

Parklands Christian College (being a non-state school) acknowledges that the Anti-Discrimination Act (Qld) 1991 imposes obligations on the College in the context of applications for admission.

All officers of the College who are involved in the admission of pupils acknowledge and practise the requirements of this policy.

All documentation must generally be complete and in the hands of the College before an application for enrolment will be processed.

For an offer of enrolment to be valid, all of the following must take place:

- The offer must be accepted in writing.
- The required documentation, signed by all the parties, must be provided to the College.
- All enrolment monies as specified must be paid.

All enrolments are offered subject to the assumption of full and frank disclosure of all information which may be relevant to the education of the student. Withholding relevant information will entitle the College to cancel the enrolment, even after the student has commenced at the College.

If you have any queries with respect to admission criteria please contact the Principal.

I / We have read the policy above _____

IT Acceptable Use Policy: Key Points, including consequences

Students must recognise that the College Network is private property and must respect the rules in place. The College may potentially be involved in litigation if its network is misused and it reserves the right to recover costs from students or their parents in the event of successful litigation following a student's misuse of College equipment or networks.

The following do not reflect the College's Standards or values, and are not permitted:

- sending or displaying offensive messages or pictures
- using obscene language
- harassing, insulting or defamatory comments about others or self
- damaging computers, computer systems or the computer Network
- violating copyright laws including music files
- using another person's password at any time
- trespassing in another person's folders, work or files
- intentionally wasting limited resources
- employing the Network for commercial purposes or political lobbying
- loading unauthorised programs onto the Network
- listening to unauthorised music while working on the Network, either downloaded from the internet, stored as files or CDs
- accessing sites which do not comply with the College Standards or values
- disrupting the Network use of another user
- using College Network resources for unauthorised recreational activities
- theft of any Network software or hardware
- unauthorised privately owned connections to the College Network eg, laptops
- transmission of any material in violation of any federal or state regulation

Failure to observe any of the above will make the student liable to a loss of rights to access the system at all for varying periods of time. In some cases, this may necessitate the dropping of particular subjects if that subject relies heavily on network usage. Gross violations of any of the above may render the student liable to a range of sanctions, including suspension, expulsion or legal action.

I / We have read the policy above _____

Harassment Policy: key points, including consequences

Students must at all times respect the wellbeing and the right to safety of all other students and teachers. "Wellbeing and safety" in this context refers to all of the following:

- freedom from interference with personal property
- freedom from bullying, whether physical, verbal or intimidation;
- freedom from unwanted or uninvited sexual or physical contact;
- freedom from gossip, rumour and innuendo;
- freedom from violence, including annoying, repetitive, unwanted physical contact

- All kinds of harassment will be treated as being of serious significance. Sanctions will be definite and severe, possibly including suspension or expulsion.

The right of all students to feel safe at school is seen to be such a paramount right that any student who commits repeated or serious harassment will almost certainly be expelled. This includes students of all ages. It does not exclude students who suffer from various psychological disorders such as ADHD, Aspergers, Autism or other disorders. While the College will attempt to make allowances for such students, the rights of other students to safety and a mature consideration of our Duty of Care will result in the College acting to exclude any students who offend regardless of their disability, if their actions warrant it.

Statement of Faith

As a Christian community we believe.....

- That the Bible (the Old Testament and the New Testament), written by men but inspired by God, is essential for obtaining true wisdom. Children will be encouraged to read and study the Bible.
- That God has always existed, and has revealed Himself to us, as Jesus Christ, who spoke of another, the Holy Spirit. God created the world and mankind, indeed the entire universe, and we teach children that we are created in His image, both male and female. We teach them that it is our privilege as human beings to be able to communicate with God, in daily life and prayer.
- That every human being needs to be reconciled to God, receive forgiveness and be transformed, and that this forgiveness is freely offered by God because of His love for us. This is the Gospel, the Good News of God to mankind. God freely forgives regardless of who we are or what we have done, and we are able to receive new life because of His resurrection. We accept His forgiveness and follow Him as our Lord and Saviour, and we look forward with certainty to eternal life with Him. We encourage children to accept God's forgiveness, but they are always free to make their own decisions without coercion.
- That the worldwide body – past, present and future – of those who put their trust in God's gift of eternal life through Jesus, regardless of what church they attend or what race or ethnic origin they are, are enabled by His Holy Spirit to live lives that will honour God and reflect the life and teaching of Jesus.
