Dear students, teachers and staff

Re: A special message for the Parklands Christian College community

The Metro South Public Health Unit (MSPHU) wishes to thank you for your role in helping to prevent the spread of COVID-19.

MSPHU has received queries about quarantine end date after COVID-19 testing.

The following advice applies to staff and students of Parklands Christian College:

- If you have received a negative result for a COVID-19 test undertaken on 2 August 2020 or later, you are required to remain in quarantine until 6 August 2020. Please refer to the Quarantine Direction provided by Queensland Health for timing.
- If you had a COVID-19 test this week and have not yet received results by 6 August 2020, please remain in quarantine until you have received the results.
- If you have declined COVID-19 testing from 2 August 2020 or later, your quarantine period will be extended by 10 days.

We thank you again for your assistance in these challenging times.

Yours sincerely,

Dr Bhakti Vasant
Public Health Physician
Metro South Public Health Unit
