Bullying And Harassment:

Parklands Christian College considers all forms of bullying and harassment to be unacceptable. Because our community is caring and responsible, we are concerned about the well-being of all our members and we will not accept that any member of our community suffers physically or emotionally at the hands of any other member, or members. Any student who is experiencing bullying or harassment of any form should report this promptly to a teacher, their TAG teacher, their Year Level Coordinator or the Heads of School. These people will care for the student and want to help them.

Chapel is an integral part of College Culture and as such we value this time we can spend in worship and community. Secondary Chapel commences at 8:30am sharp Wednesday mornings for grades 7-12, and 8:40am for grades P-6 on Tuesday mornings. Parents are warmly welcome to participate in Chapel times.

Child Protection:

Parklands Christian College has as its basis for philosophy and operations, the values and beliefs which are found in the Bible, which is the revealed written word of the one, true and living God. This basis underpins all policy related to child welfare, education and the family. The College believes that every child has a right to feel safe and free from the threat of harm.

The College also has a responsibility to teach all children to protect themselves. In Primary School, during their Structured Play Time of an afternoon, we offer the following professional coaching opportunities for students to be involved and participate in: soccer, cricket, netball, AFL, dance and a Fitness Program. These activities add to the development of the whole individual.

In the Primary / Middle School, the co-curricular program offers activities such as Choirs, Private Instrumental Music Tuition, Rock Eisteddfod /Wakakirri, a wide variety of competitive sporting opportunities and Twilight Music presentations. Students from Years 4 - 9 undertake annual Australasian Mathematics, English, and Science Competitions. Each year students are invited to take part in the 40 Hour Famine (raising money for the under privileged) and various Missions endeavours. 2017 saw the hosting of Arts Gala Night and preparations commence for the fifth Parklands musical for secondary students, "Cinderella".

Missions:

This year, our students have once again involved themselves in local community projects. The senior home economics students put together hampers to take to the local nursing home, and enjoyed getting to know them. They have continued to build on the good reputation our students enjoy. Parklands is committed to empowering a missions minded generation of young people who desire to serve in their local and global community. We wish to provide our students with experiences that shape their perceptions and inspire them to actively love and care for those less fortunate than themselves. We want to equip our students to fight poverty and injustice, and challenge them to raise awareness and participate in challenges both global and local.

Cambodia Missions Trip

The Cambodia Missions Trip is a unique opportunity for our Grades 10, 11 & 12, male and female students to serve those less fortunate than themselves, and in turn be transformed by the power of caring for those in need. This 13 day trip is run every Spring Break, taking no more than 24 students and teachers to Vietnam and Cambodia.

Traditionally there are two components of this trip:

1. Cultural Immersion - Our team travel through Vietnam together, experiencing the culture, sampling different foods, and visiting some prominent tourist destinations. This portion of the trip is dedicated to cultural immersion and team building, and is an exciting start to our travels.
2. Service and Care - The bulk of the trip is dedicated to serving in a small village just outside of Phnom Penh. We partner with [RAW Impact](#), serving in [SALT School](#) (Serving, Assisting, Leading, Teaching). Typically the males and females spend this portion of the trip apart, serving in different capacities throughout the school and local communities. Generally,

the female students and leaders will serve in the school, spending time with the students and their teachers, while the males participate in a [building project](#).

Student Welfare:

The mission of Parkland's Student Welfare Program is to promote well-being and to develop social competencies. To achieve this aim, we have a multi-facet approach. Our students are intentionally taught various social and emotional skills through our Life Skills curriculum. In addition to classroom learning, our students develop these important skills through various activities such as leadership camps, specific training days with student counsellors and peer support.

School Culture:

Each student is a precious gift from God and is valued as an individual of worth with God-given abilities. The College has been careful to remain small enough to care for students while growing to a sufficient size to provide the facilities and programs that families require. Division of the College into Junior, Middle and Senior Schools enables the staff to be attentive to each child's needs. Regular reporting, profile evenings and parent/teacher interviews keep parents up-to-date with student progress.

Satisfaction Information:

Parklands Christian College encourages families to engage regularly with teachers and events spread throughout the year. The high level of satisfaction of families at Parklands has been evident through encouraging attendance at the following events:

- Parent/Teacher interviews
- Profile Evening
- Parent information nights
- Social events hosted by the College to forge community with parents and community members and the number of volunteer parents helping in the College.

New families regularly report being drawn to the College through overwhelming positive comments from existing parents and local community members. The College relies on this word-of-mouth marketing.

Conclusion:

Parklands Christian College has had another successful year of learning and growing together. We thank God for His grace, mercy and continued blessing on our College. We thank God for our wonderful staff that are committed to our mission and purpose: to make disciples of Jesus Christ - educated and equipped for any future. Finally, we thank God for a wonderful body of parents who are partners with us in the Christian education of their children. We appreciate your constant support and your prayers.
