Update #3: Confirmed Case of COVID-19

Parklands Christian College wishes to advise that the staff and students of our school are now in home quarantine until 6th August, 2020. The Public Health Unit is currently working closely with us to manage the situation, and will soon be in contact with every staff member and family within the College. While this situation represents a considerable disruption to the lives of our families, we collectively support the efforts of the Metro South Public Health Unit.

During these extraordinary times, our students and their parents have come together in support of our school, and we consider it a privilege to be part of such a loving and caring community. We have also received many letters and messages of encouragement from other schools, community groups, government and the wider community at large. Thank you all for your support during this challenging time.

Our staff are now busily preparing to provide learning at home for our students. We will be diligently working on maintaining good lines of communication with our families, and providing online and home based education until such time as we can be together again. Parklands has and will continue to follow all Government directions and advice to ensure the safety of our students, staff and Parklands community, and we will continue to provide updates as they become available.

Mr Gary Cully
Principal
